

E.P. 2.3 Number of outgoing/ final year students year-wise during last five years

Difference in the figures for 2018-19 and 2015-16

The number of outgoing final year students in data template for 2018-19 and 2015-16 are 449 and 344 respectively. The difference is seen because in 2013-14 sanction intake for first year was 600 (i.e., B. A -240, B. Com -240 and BSc -120) where as the sanction intake was increased by addition of division in 2016-17 it was reached to 960 (i.e B.A -360,B.Com -360 and BSc -240) Hence there is an increased in number of students for final year from 2015-16 to 2018-19.
