It should be combination of skills and employability

--

I satisfy about curriculum

Internship should be compulsory

Curriculum is well designed practical and theoretical

University Curriculum is very good

Curriculum should be more focused on providing Technical and Professional skills.

अतिउत्तम आहे

Dissection of Insect Pests can be incorporated in Practicals

Some value added course should be incorporated into the syllabus so that activities under courses recognise each learner's personal, social and cognitive capacities among student and

also some job oriented training programs which in future gives job opportunity.

Job opportunity supply in this college

All teachers teach in Marathi language that becomes really difficult for students who come from English medium school or college. If this problem could be solved than I would say this will be THE best college of locality.
