**Name of the Activity:- “Chala Januya Vanana”**

**Background:** Near Nashik biodiversity rich region Anjaneri hill situated. This place is habitat of wild plants and animals. Anjaneri forest A total of **385 flowering plants** from **68 families** have been reported from Anjaneri protected area in the present study, of these **114 are endemics**. Out of these 114 species, 81 are endemic to India while 33 taxa are endemic to the Western Ghats.

**Schedule:** 23<sup>rd</sup> September 2023

**Details of Activities Conducted:** Our department organized extension activity “Chala Januya Vanana” with collaboration with forest department for our students to explore and study of Biodiversity of plants and animals. In this activity 160 students 20 staff members were participated. Anjaneri rock outcrop shows great floral diversity due to varied microhabitats. The observations on phenology and adaptive traits were recorded. Our students got knowledge about rare species of plant and animals found on this place and create awareness about conservation. Dr. Pankaj Garg DCF talked on Jatayu Conservation and conservation Ceropogia rare plant found on Anjaneri hill only.

### 1. Introduction:-

#### a) About College

M.V.P samajs S.V.K.T College Dolali Camp is multidisciplinary college. It was in the year 1984 considering the need of educational institute at Deolali Camp area, The College was established as there were students from around 45 remote villages who were deprived from education especially the girls. The College has been awarded with grade 'A' by NAAC during the second cycle of Assessment and Reaccreditation. It has taken many safety measures for girl students resulting into having more than 70% girl students. It runs Undergraduate as well as Post-graduate Programmes. Along with the Conventional Programmes the college has also been approved Skill based courses under B.Voc and Community College by UGC (NSQF). The College has an approved Study Centre for Distance Education, affiliated to Yashwantrao Chavan Open University. Now the college is planning to start few more PG Programmes as well as Research Centres in few subjects. Apart from the educational services the college has been known for providing many cocurricular and extra-curricular facilities to students. As a reward to the attempts made by the college in tree plantation by going beyond the campus, the college has been bestowed with *Vanashree Puraskar* by the Government of Maharashtra. Our Department of Botany made nursery of native forest plant species in which 25 thousand plantlets of 22 forest plant species were developed. The samplings were distributed among

students, staff, Grampanchyats, government offices, various organisations, schools, colleges, Ashram schools and rotary club free of cost as social responsibility for conservation of nature and natural resources.

**b) About Anjaneri hill:-**

High altitude plateaux are found throughout northern Western Ghats. These plateaux harbor a great diversity of monsoon flora and endemism but are highly neglected due to the seasonality and harsh climatic conditions. Anjaneri Hill is an important rock outcrop in northern Western Ghats. It is the type locality of *Ceropegia anjanerica*. As an attempt to make a floristic inventory of an important area, a preliminary study was undertaken. A total of **385 flowering plants** from **68 families** have been reported from Anjaneri protected area in the present study, of these **114 are endemics**. Out of these 114 species, 81 are endemic to India while 33 taxa are endemic to the Western Ghats. Anjaneri rock outcrop shows great floral diversity due to varied microhabitats. The observations on phenology and adaptive traits were recorded. The data on geology and geomorphology is presented in order to understand the geological nature of the rock outcrop. Intensive study on varied microhabitat is needed for the documentation of floral diversity existing on the Anjaneri Hill.

**c) About Maharashtra state forest Department: -**

Globally as well as nationally, Forest Conservation is increasingly being viewed as a powerful instrument in sequestering carbon and thereby offset adverse climate change. Maharashtra Forest Department, being custodian of the State's rich and diverse bio-diversity, is committed to a conservation-centric management and protection strategy. Wild-life focused eco-tourism management hinges on sustainability. Production-be it timber / non-timber forest produce is managed with sustainability at its core. Joint Forestry Management to secure natural resources as well as livelihood security remains the major people-centric activity. Attempts are on to hone local artisans' skill in making value-added articles out of non-timber forest produce like bamboo and cane. Augmenting green cover on non-forest areas to achieve national targets of 33% of land area under green cover remains a forefront agenda. Intensive use of Information and Communication Technology supplemented by e-governance is under effective use to monitor ongoing forestry activities. Extensive use of digital platform to project a true picture of forest conservation forms the central theme.

## 2. Objective of Activity:-

- 1) To create affinity towards the forest among the students.
- 2) To understand forest biodiversity and monsoon flora and fauna of Anjaneri Hill
- 3) To create awareness among the students about conservation of nature and natural resources.
- 4) Study of nature and various natural resources and forest ecosystem.

**Mahatma Phule Krishi Vidyapeeth, Rahuri Tour report 2023-24**

With reference to B.Sc students. Botany Practical Syllabus Savitribai phule Pune University, Pune. Department of Botany at S.V.K.T.Arts,Science and Commerce College Deolali Camp Dist.Nashik arranged a study tour on 13<sup>th</sup> March 2024 at Mahatma Phule Krishi Vidyapeeth, Rahuri ,Taluka Rahuri, Dist. Ahamadnagar. To study the various field of agriculture and visit to different area in this universities

**Objectives:** Botanical studies of a local region not only are of a didactic value, but they are also the source of information for students on diversity of nature and a necessity for protection of the region they live in. Going outdoors, visiting nearby and farther surroundings, together with students and teachers, can observe the principal properties and we analyse the different sector or department of agriculture.

**Main Content:** Educational tour forms a valuable part of curriculum point of view for students. Making educational tours a necessary part of student's academics is an effective idea to motivate them to learn more. The basic reason for educating students is to let them more dig deep into many concepts and explore them. This cannot be fulfilled with the help of books and classroom learning student require more and more awareness and knowledge on the subjects are reading. Such a knowledge transformation can happen only with the help of educational tour. For this purpose, the department of Botany organised the study tour for B.Sc. Botany students under the guidance of our Principal **Dr. S. S. Kale**

We gathered in our college campus at around 6:30 am students take their seats in crusier and enjoying journey from Deolali Camp to Rahuri started journey by the Bus from the college at 7:00 am with the guidance of College Teachers, **Prof. L. D. Dede, Smt. Dr. M. R. Bhamare , Smt. Dr. V. P. Patil , Prof. A. B. Bhagat and B. Sc. Botany students** at 10.30 we ate breakfast. At 'Panjabi Dhaba' after a small breakfast pause we again resumed ours journey, we reached destination at around 11.15 am at **Mahatma Phule Krishi Vidyapeeth, Rahuri.**

Mahatma Phule Krishi Vidyapeeth, Rahuri established on 29th March, 1968 has been a center of human resource development to meet the growing demands of the state as well as the nation for trained man power specialized in Agriculture. This is one of the four Agricultural universities in the state with its jurisdiction spread over Western Maharashtra covering 10 districts, viz., Kolhapur, Sangli, Satara, Solapur, Pune, Ahmednagar, Nasik, Dhule, Jalgaon and Nandurabar. The unique feature of this University's jurisdiction is that, it has extreme agro-climatic conditions of farming.

## Activities of educational trip

During the visit, students have closely observed the Department of Agreculture, Research Laboratory of Plant Tissue Culture, Mushroom Cultivation Technology, Molecular Biology, Plant Taxonomy laboratory. Students also observe the Medicinal plants. During the educational tour students visit to various department of the MPKV Rahuri Water irrigation plant, Seeds section, Bio control Laboratory, Vermi culture and compost, University Library,” **Dhanwantari park**” students were observe to Medicinal and aromatic plants as well as **State Level Gene Bank** etc. During the study tour students learn about the knowledge about techniques to conserve and protect the seed gene which is unique innovative way of sustainable development for our future.

We would like thank the staff of MPKV Rahuri for sharing with us information about various department, Lastly, we are thankful to everyone who made our study tour a successful learning experience for the students acquire knowledge about the different department in the field of MPKV Rahuri.

**Outcomes:** Botanical study tour help students make confidence through exposure to new challenges. Enhancing their communication skills, It enhance their understanding of academic subject. encourage students to develop social skills, such as cooperation. Educational trips involve group activities and require students to work together. It is an important part of student growth to gaining knowledge and survival in real life.

# EXTRA CLASSES FOR SLOW LEARNERS

Maratha Vidya Prasarak Samaj's  
S. V. K. T. College, Deolali Camp, Nashik

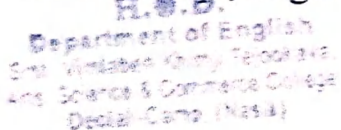

Department of English  
Remedial Teaching Programme (2023-24)

## Report

As per the NAAC Peer Team suggestion the Institute and the departments which had not-so-good results conducted a 'Remedial Teaching' for the slow learners. Students who were weak in English were identified and enrolled in this course. Following the guidelines, the Department of English conducted the course for such students from 17 August to 17 September 2023 for 20 days. Students were enrolled and attended the programme regularly. The syllabus was designed after identifying their areas of difficulty. Teaching Activities and various methods were adopted and the syllabus was based on grammar writing skills to help the students overcome the difficulties. This activity's outcome was improved compared to results from the previous year. Students understood the basics of the English language. The principal and the parents quite appreciated the programme.

**Name of the Activity:- “Chala Januya Vanana”**

**Background:** Near Nashik biodiversity rich region Anjaneri hill situated. This place is habitat of wild plants and animals. Anjaneri forest A total of **385 flowering plants** from **68 families** have been reported from Anjaneri protected area in the present study, of these **114 are endemics**. Out of these 114 species, 81 are endemic to India while 33 taxa are endemic to the Western Ghats.

**Schedule:** 23<sup>rd</sup> September 2023

**Details of Activities Conducted:** Our department organized extension activity “Chala Januya Vanana” with collaboration with forest department for our students to explore and study of Biodiversity of plants and animals. In this activity 160 students 20 staff members were participated. Anjaneri rock outcrop shows great floral diversity due to varied microhabitats. The observations on phenology and adaptive traits were recorded. Our students got knowledge about rare species of plant and animals found on this place and create awareness about conservation. Dr. Pankaj Garg DCF took on Jatayu Conservation and conservation Ceropogia rare plant found on Anjaneri hill only.

### 1. Introduction:-

#### a) About College

M.V.P samajs S.V.K.T College Dolali Camp is multidisciplinary college. It was in the year 1984 considering the need of educational institute at Deolali Camp area, The College was established as there were students from around 45 remote villages who were deprived from education especially the girls. The College has been awarded with grade 'A' by NAAC during the second cycle of Assessment and Reaccreditation. It has taken many safety measures for girl students resulting into having more than 70% girl students. It runs Undergraduate as well as Post-graduate Programmes. Along with the Conventional Programmes the college has also been approved Skill based courses under B.Voc and Community College by UGC (NSQF). The College has an approved Study Centre for Distance Education, affiliated to Yashwantrao Chavan Open University. Now the college is planning to start few more PG Programmes as well as Research Centres in few subjects. Apart from the educational services the college has been known for providing many cocurricular and extra-curricular facilities to students. As a reward to the attempts made by the college in tree plantation by going beyond the campus, the college has been bestowed with *Vanashree Puraskar* by the Government of Maharashtra. Our Department of Botany made nursery of native forest plant species in which 25 thousand plantlets of 22 forest plant species were developed. The samplings were distributed among

students, staff, Grampanchyats, government offices, various organisations, schools, colleges, Ashram schools and rotary club free of cost as social responsibility for conservation of nature and natural resources.

#### **b) About Anjaneri hill:-**

High altitude plateaux are found throughout northern Western Ghats. These plateaux harbor a great diversity of monsoon flora and endemism but are highly neglected due to the seasonality and harsh climatic conditions. Anjaneri Hill is an important rock outcrop in northern Western Ghats. It is the type locality of *Ceropegia anjanerica*. As an attempt to make a floristic inventory of an important area, a preliminary study was undertaken. A total of **385 flowering plants** from **68 families** have been reported from Anjaneri protected area in the present study, of these **114 are endemics**. Out of these 114 species, 81 are endemic to India while 33 taxa are endemic to the Western Ghats. Anjaneri rock outcrop shows great floral diversity due to varied microhabitats. The observations on phenology and adaptive traits were recorded. The data on geology and geomorphology is presented in order to understand the geological nature of the rock outcrop. Intensive study on varied microhabitat is needed for the documentation of floral diversity existing on the Anjaneri Hill.

#### **c) About Maharashtra state forest Department: -**

Globally as well as nationally, Forest Conservation is increasingly being viewed as a powerful instrument in sequestering carbon and thereby offset adverse climate change. Maharashtra Forest Department, being custodian of the State's rich and diverse bio-diversity, is committed to a conservation-centric management and protection strategy. Wild-life focused eco-tourism management hinges on sustainability. Production-be it timber / non-timber forest produce is managed with sustainability at its core. Joint Forestry Management to secure natural resources as well as livelihood security remains the major people-centric activity. Attempts are on to hone local artisans' skill in making value-added articles out of non-timber forest produce like bamboo and cane. Augmenting green cover on non-forest areas to achieve national targets of 33% of land area under green cover remains a forefront agenda. Intensive use of Information and Communication Technology supplemented by e-governance is under effective use to monitor ongoing forestry activities. Extensive use of digital platform to project a true picture of forest conservation forms the central theme.

## 2. Objective of Activity:-

- 1) To create affinity towards the forest among the students.
- 2) To understand forest biodiversity and monsoon flora and fauna of Anjaneri Hill
- 3) To create awareness among the students about conservation of nature and natural resources.
- 4) Study of nature and various natural resources and forest ecosystem.

**Mahatma Phule Krishi Vidyapeeth, Rahuri Tour report 2023-24**

With reference to B.Sc students. Botany Practical Syllabus Savitribai phule Pune University, Pune. Department of Botany at S.V.K.T.Arts,Science and Commerce College Deolali Camp Dist.Nashik arranged a study tour on 13<sup>th</sup> March 2024 at Mahatma Phule Krishi Vidyapeeth, Rahuri ,Taluka Rahuri, Dist. Ahamadnagar. To study the various field of agriculture and visit to different area in this universities

**Objectives:** Botanical studies of a local region not only are of a didactic value, but they are also the source of information for students on diversity of nature and a necessity for protection of the region they live in. Going outdoors, visiting nearby and farther surroundings, together with students and teachers, can observe the principal properties and we analyse the different sector or department of agriculture.

**Main Content:** Educational tour forms a valuable part of curriculum point of view for students. Making educational tours a necessary part of student's academics is an effective idea to motivate them to learn more. The basic reason for educating students is to let them more dig deep into many concepts and explore them. This cannot be fulfilled with the help of books and classroom learning student require more and more awareness and knowledge on the subjects are reading. Such a knowledge transformation can happen only with the help of educational tour. For this purpose, the department of Botany organised the study tour for B.Sc. Botany students under the guidance of our Principal **Dr. S. S. Kale**

We gathered in our college campus at around 6:30 am students take their seats in crusier and enjoying journey from Deolali Camp to Rahuri started journey by the Bus from the college at 7:00 am with the guidance of College Teachers, **Prof. L. D. Dede, Smt. Dr. M. R. Bhamare , Smt. Dr. V. P. Patil , Prof. A. B. Bhagat and B. Sc. Botany students** at 10.30 we ate breakfast. At 'Panjabi Dhaba' after a small breakfast pause we again resumed ours journey, we reached destination at around 11.15 am at **Mahatma Phule Krishi Vidyapeeth, Rahuri.**

Mahatma Phule Krishi Vidyapeeth, Rahuri established on 29th March, 1968 has been a center of human resource development to meet the growing demands of the state as well as the nation for trained man power specialized in Agriculture. This is one of the four Agricultural universities in the state with its jurisdiction spread over Western Maharashtra covering 10 districts, viz., Kolhapur, Sangli, Satara, Solapur, Pune, Ahmednagar, Nasik, Dhule, Jalgaon and Nandurabar. The unique feature of this University's jurisdiction is that, it has extreme agro-climatic conditions of farming.

### Activities of educational trip

During the visit, students have closely observed the Department of Agreculture, Research Laboratory of Plant Tissue Culture, Mushroom Cultivation Technology, Molecular Biology, Plant Taxonomy laboratory. Students also observe the Medicinal plants. During the educational tour students visit to various department of the MPKV Rahuri Water irrigation plant, Seeds section, Bio control Laboratory, Vermi culture and compost, University Library,” **Dhanwantari park**” students were observe to Medicinal and aromatic plants as well as **State Level Gene Bank** etc. During the study tour students learn about the knowledge about techniques to conserve and protect the seed gene which is unique innovative way of sustainable development for our future.

We would like thank the staff of MPKV Rahuri for sharing with us information about various department, Lastly, we are thankful to everyone who made our study tour a successful learning experience for the students acquire knowledge about the different department in the field of MPKV Rahuri.

**Outcomes:** Botanical study tour help students make confidence through exposure to new challenges. Enhancing their communication skills, It enhance their understanding of academic subject. encourage students to develop social skills, such as cooperation. Educational trips involve group activities and require students to work together. It is an important part of student growth to gaining knowledge and survival in real life.

**Department of Psychology**

**Counselling Cell 2023-24**

**Report**

The department of the Psychology runs a Counselling Cell to look after student wellbeing and enhance their academic performance.

With the noble intent to look after students' issues and thereby enhance their academic performance, the college actively runs a counselling cell. The faculties of Department of Psychology counsel students for the academic, personal and family issues. In the beginning of every academic year, counselling cell releases a notice informing about the cell and appeals students to visit cell for personal and academic concerns.

The department of Psychology circulates notice regarding the functioning of Counselling Cell in the beginning of every academic year. The students visit cell on their own or on the referral of other teachers. The teacher of Psychology obtains thorough information of students' issues, family background and related information to prepare detail case report. Psychological tests are conducted if necessary. Parents are asked to visit the cell if required. The concerned teacher keeps the information confidential as confidentiality is the basic norm of counselling. All these services are unrestricted and free.

Total 13 students visited Counselling Cell during this academic year. The issues were either resolved or students were referred to further counselling. Some students or their parents show reluctance to go to a psychologist or psychiatrist for further treatment. An in-house fulltime psychologist can do more help in this regard.
